HOSTETLER PANORAMIC IMAGE COLLECTIONS FROM ACC. #1998-28

Original Cellulose Nitrate OS negatives are stored at the Police Station Archives where a sprinkler system is available per Fire Chief September 2013. **THESE NEGATIVES ARE NOT TO BE USED.** They are rolled, boxed individually and stored in 9 record center cartons.

*Exception: Neg 012 is so brittle it is stored in a flat enclosure.

New 8 x 10" acetate negs [ca 2000] are in archive box stored at DPL Main – RSSC Compact Shelving Range 49 Section 5. These negs were partially scanned in 2012 by summer intern Kelsey. September 2013 intern/volunteer Ellen Korn completed the scanning project.

Digital Images are stored on J:\NEW Image Archive\VOL500-506 Panoramics [January 2014 kmo]

Slides are located in Rg. 59 Sec. 5 of compact shelving. [Jan. 2014]

December 2017 – access to Newspapers.com provided another tool for identification. Some [many?] are dated in the 1912-1914 range rather than ca1918. [kmo 12/13/2017]
